

Canada 2013

One word describes how I feel about my recent trip to Canada.....**Privileged**

My time in Canada was just simply a complete and utter Privilege. To experience the vast beauty, natural wildlife and a beautiful City was a trip of a lifetime.

I travelled with Prestige Holidays and under their guidance I was able to experience the beautiful city of Vancouver. Travel on to Vancouver Island and stay in the Historical Capital of British Columbia Victoria where I was also able to see Orca Whales. The Pinnacle of my trip was the two night stay at Glendale Cove to experience Knights Inlet and the wilderness scenery and wildlife, not forgetting the viewing of the Bears on the Salmon run.
